

The management of AUREL CZ s.r.o. announces this policy with the conviction that it will be positively received by all employees, business partners, regional authorities and the public. The aim is to achieve and maintain a level of management and organizational activity in the field of environmental protection that will allow us to minimize the negative impact of our company on the environment.

We are guided by the following principles:

- Environmental protection is one of the company's priority tasks. The basis for environmental care is an effective management system - the environmental management system.
- The implementation of environmental issues will be carried out in organizational and management standards. Environmental policy, environmental objectives and their active implementation are the basis for a continuous process of improvement of the environmental profile.
- Compliance with legislative requirements for environmental protection and their active implementation is the basis for a continuous process of improving the environmental profile.
- We will continuously improve our environmental management processes and environmental profile in line with the latest technical and scientific knowledge, customer requirements and public expectations.
- We will regularly provide information to staff, the public and public authorities. We will communicate with local authorities, civic initiatives or customers on environmental issues on an ongoing basis.
- We will provide products and services that do not have a negative impact on the environment and that can be recycled, reused or disposed of safely.
- We will develop, design, operate facilities and carry out activities with regard to the efficient use of energy and materials, environmental friendliness and respect for the principle of sustainable use of renewable resources.
- We will push for suppliers of raw materials, semi-finished goods, products and services to progressively apply the principles of our environmental policy and align themselves with our environmental criteria.
- We will train and motivate our employees to carry out their activities in an environmentally responsible manner.
- The environmental policy will be accessible to all employees, customers, the public and government authorities.
- By announcing the environmental policy, the management of AUREL CZ s.r.o. commits itself to setting environmental goals and targets aimed at improving significant environmental aspects.
